

Sample Objectives

Example 1:

To obtain a consultant position that promotes growth in an environment that I can contribute my safety management and leadership skills and continue to develop experience in a professional community.

Example 2:

Implement or improve standard operating procedures (SOP), timekeeping systems (TMS), workplace organization (WPO), company policy, hazard analysis and critical control point (HACCP) guidelines, goals, safety training, expectations, and effective team building. By reaching these objectives, we can be proactive, accurate, and increase productivity in operations.

Example 3:

A proven leader in the safety and health industries, safety driven, and goal oriented, I am seeking a challenging opportunity to manage and lead large projects where my advanced skills, education, extensive training, and many years of experience can be fully utilized
